Profile

Highly skilled Python Django developer with a solid foundation in full-stack web development and SDLC. Expertise in building robust, scalable, and maintainable applications with Python, Django, and RESTful APIs. Proficient in HTML, CSS, JavaScript, React.js, and Bootstrap. Experienced in RDBMS, including SQL, MySQL, PostgreSQL, and SQLite3. Strong knowledge of OOPs, DSA, and version control with Git. Skilled in unit testing and debugging to ensure high-quality, reliable software solutions.

Education

2020 – 2023
Banglore

Bachelor's of Computer Application
Impact Institute of management studies

Courses

2023 – 2024
Ernakulam

Full Stack Development
Luminar technolab

Projects

2024

Travel Partner Platform
Developed a dynamic travel booking web application using Django with features for hotel reservations, travel package bookings, and guide services. Implemented secure payment processing via Razorpay API and designed a responsive, intuitive user interface for a seamless experience.

2024

E_Commerce Platform
Developed a comprehensive e-commerce platform with Django featuring user authentication, product listings, and a shopping cart. Integrated secure payment processing with Razorpay API and ensured a responsive design with Bootstrap for a seamless experience across devices.
